Testing	React Testing Library · Vitest · Cypress (E2E) · Unit & Integration Testing
Tools & QA	Git · GitLab · Bitbucket · Jira · Vite · VS Code · GitLab Duo AI
Practices	Agile/Scrum · Code Reviews · Clean Code · CI/CD · WCAG Accessibility

EXPERIENCE

Senior Associate Consultant | Infosys Ltd, Chennai

Jun 2024 – Present

Central PEP Repository (CPR) – Barclays [Ongoing]

- ▶ Led end-to-end frontend development of an enterprise application (via Infosys) replacing legacy GPR for Barclays, improving data quality, workflows, and compliance
- ▶ Built data-driven forms, validation flows, dashboards and PEP lifecycle management UIs using React + TypeScript
- ▶ Developed advanced search with match-scoring to minimize duplicate record creation
- ▶ Implemented role-based access control and approval workflows for secure, compliant operations
- ▶ Managed efficient data fetching and caching with TanStack Query; collaborated with Java Spring Boot / Oracle DB teams
- ▶ Contributed to Bitbucket → GitLab migration and leveraged GitLab Duo AI to accelerate development
- ▶ Received Insta Award (Certificate of Appreciation) from Infosys for contributions to the RFT team at Barclays

Front-End Developer | Mediwave Digital Pvt. Ltd, Puducherry

Jan 2022 – May 2024

- ▶ Built responsive, accessible UI components for digital healthcare platforms; reduced development turnaround by 40% via a reusable component library
- ▶ Revamped corporate website using Next.js (Tailwind CSS, Formik) — improved performance, SEO, light/dark themes, and micro-interactions
- ▶ Developed Brook, a healthcare analytics dashboard with real-time Highcharts visualisation, CRUD forms via Formik, and WCAG-compliant accessibility
- ▶ Built Safe2Share (React + TypeScript + Redux Toolkit) with protected routing, PWA support, and region-wise map-based Highcharts analytics

Front-End Developer Intern | Ocean Academy, Puducherry

Mar 2021 – Dec 2021

- ▶ Developed interactive React.js UI components; improved cross-browser responsiveness and component reusability across projects
